Galaxy Gymnastics Booster Club Foundation Inc. (GGBCF) is a 501(c)(3) New York non-profit corporation providing support and development of amateur gymnastics through their sponsorship of the Galaxy Gymnastics Competitive Team (Galaxy Team). Galaxy Gymnastics is located in Orangeburg, NY. Over seventy girls from New York and New Jersey train year round for up to twenty-three hours a week at this facility. The Galaxy Team is a dedicated group of young athletes. Their commitment to the sport they love is inspiring and complete. Not only do they excel on the competition floor but in all areas of their lives. Gymnastics teaches skills beyond that of flipping and tumbling...the ability to manage time, listen to instruction, work independently and the benefits of a healthy lifestyle are all traits learned from gymnastics. In other words, gymnastics provides our athletes with the tools to move through life. Now is your chance to help them do just that with a contribution to GGBCF. It is our mission to support these young ladies in pursuing their athletic and academic goals and dreams.

The Galaxy Gymnastics Competitive Team:

The Galaxy Team is a nationally renowned, highly decorated woman's gymnastic team that competes in the Women's Junior Olympic program. In 2008 alone, our gymnasts earned the following top honors:

To continue the Galaxy Team's success, we need your help. The Galaxy Team is scheduled to attend over 20 meets in the 2008/09 competitive season. GGBCF pays for all of the coaches' costs to attend these meets. In addition, we will be hosting three USAG sanctioned meets this year at Galaxy Gymnastics. Finally, we pay for selected meet fees for team competitions, required training and education for the team coaches and various social activities for team members. There are also opportunities available for you to sponsor an athlete or an event.
